

PEWOTAPE ET100 | 0050 mm

Product number 50-12-TAPE-ET100-B

3-layer corrosion protection system DVGW according to DIN 30672/EN 12068
B70 up to 100° C Black

Weight 0.83 kg

3-layer corrosion protection system DVGW according to DIN 30672/EN 12068 B70 up to 100°C, black.

Available in black and yellow.

L = 12.5 m

T = 1.00 mm

ET100 - Special advantages:

- For operating temperatures up to +100°C.
- No need to heat the pipe surface.
- Highly conformable butyl rubber tape.
- Grows completely in the overlap area and forms a tubular covering.
- Compatible with factory coatings made of PE, PP, FBE, PU, CTE and bitumen.
